

Curated using  
fresh Tasmanian  
produce & quality  
ingredients

## Grazing Boxes

Our grazing boxes are the perfect showcase for world class Tasmanian cheese and seasonal fresh produce. We have taken great care to balance our grazing boxes with a mix of sweet and savoury to cater for all palates.

Grazing boxes are made fresh on the day of delivery and are portable so your guests can enjoy them in-house, or take them on a scenic picnic. Packaging is environmentally conscious and kept to a minimum.

Complete your guests' Tasmanian experience with a grazing box from Gather and Graze Tasmania.

# PARTNER WITH US

## PRICING

Our current accommodation partners take the opportunity to add value and profit to guest stays by including grazing boxes as an option in their bookings.

You are welcome to set the price point for your guests to purchase a grazing box. For example, current partnerships are charging \$100 for a small grazing box and \$40 for a bottle of wine.

See prices and sizes on next page.

## HOW IT WORKS

Forward any bookings via email with details of the guest's date of stay, pick up time, grazing box size and any dietary requirements.

24 hours notice is required.

We will send you an invoice and take care of the rest!

## COLLECTION

As we only deliver within the Launceston region, guests will need to pick up their grazing box if passing through Launceston.

We have waived the \$10 delivery fee for our Launceston region partners, so we would like to extend a \$10 discount on any bookings that you send our way for collection.

The collection point is from 53 Cambridge Street, West Launceston.

Pick up time can be arranged from 10am daily.

## REFERRALS

If you are not looking to partner at this time, as a small Tasmanian business it would mean the world if you would refer our services to your guests. If guests mention you upon booking we will pass on the \$10 discount.

## SMALL GRAZING BOX

RRP \$80
